Group Leaders hold a meeting on the FIFTH Wednesday of a month. These are January 30th /May 29th /July 31st and October 30th.

Should you wish to join a Group please contact the Group Leader to first ensure that there is a space for you also check the times and venue.

Most Groups are able to take new members, but first check.

May, we the Committee, wish all members a very Happy and Prosperous New Year

2001 has been a good year for the club, we have achieved a great deal in the past 12 months, membership has grown, new Groups have been formed receiving good support from the members.

We have taken some adventurous steps, especially the recent Arts and Craft Exhibition. This was certainly a risky undertaking but we had a go and the members, with guidance from Sylvia, our hard working Secretary, pulled it off—it was a great day and promises to become an annual event.

This was all about working together and, just as important, enjoying what you are doing. I think we all did.

Our Xmas Skittle Match was another example. The Royal Artillery Inn resounded to much laughter, encouragement and general good fun. I think Peter Worthy won the annual award but I am open to correction.

What about the Challenge Skittle Match against Burnham U.3.A. This was a close run event, they were out in front after the first two legs, 20 in front and it looked as if we were in for a beating. But we rallied well in the third leg to pull about 7 or 8 back and started the final leg with determination, some good scores were recorded with Margaret Paul getting 14 and it was with relief, after some recounts, that we finished the winners by just 3 points.

Thank you Burnham for a great game, we must do this sort of event more often.

Coffee Mornings are proving to be very popular, with members deep in conversation throughout the meeting, the monthly raffle by- the- way, (at Gwen's request) is now moving to the 3rd Wednesday.

Finally, we can advise that the membership subscription for 2002 is remaining unchanged at £6.00. The Third Age Trust has raised their capitation fee for each member from £2.00 to £2.50 as from 1st Jan 2002. However, thanks to good husbandry during the past year we are pleased to confirm that we can live with this increase and maintain our existing fee.

NEWS FROM THE GROUPS

Gardening

The Highbridge Britain in Bloom Group are urgently seeking new members for their committee which organises the baskets and floral displays in and around Highbridge and which is funded by a Grant from Sedgemoor District Council. If new members are not found this group is likely to fold, which will be a pity and a loss to Highbridge. If a new Committee can be found it has been suggested that meetings could take place in Southwell House, there would be approximately 6 or 7 a year.

You do not have to be green fingered or do any physical digging etc.

If you are interested in the floral amenities of Highbridge and would like to be involved, please ring Pam Lyes on 784629 for further information.

Ceramics

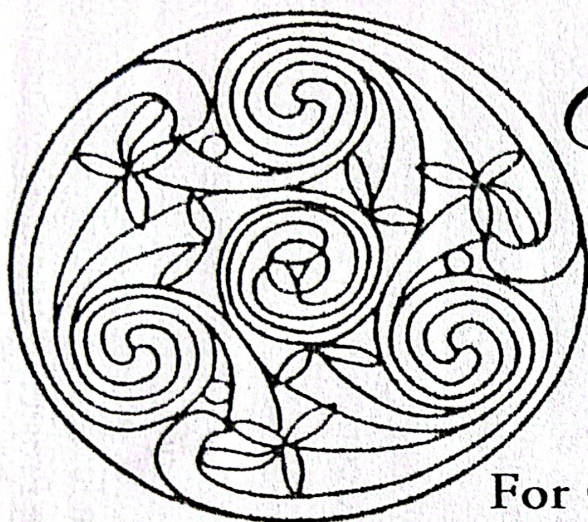

All members are thoroughly enjoying the therapeutic qualities of this group and have completed many lovely items for both Christmas decorations and presents, some are even attending extra evening classes in order to finish their pieces in time for Christmas!

Any one who is interested and wishes to commence when we start again in the New Year please contact Pam Lyes 784629.

History

Most of the members interested in local are working for the Highbridge History in the Making Project, their main exhibition is to be held on Saturday 16th March 2002

Scrabble/Board Games

We are enjoying our afternoons playing a number of different games, Scrabble is still the most popular with Rummikub a close 2nd and Upwards just behind. All games are quite competitive but we don't come to blows.

A celebration party was held in November as this was our Second Anniversary, a good spread of food and drink (non-alcoholic) had been prepared, this was followed by a Beetle Drive, a raffle was also held.

New members are always welcome and would enjoy the afternoons relaxed socialising, we have a good time.

Betty Worthy

Keep Fit

Our Second Anniversary also fell in November so we held a combined party with the Scrabble Group, it was obviously a good excuse, we enjoyed it. The scrumptious spread had been provided by the members and before the jollification we played a party tape for 'moving to'.

A Beetle Drive was held, the winner being Betty Worthy who Received 3 min. Christmas Trays, the lowest won a chocolate covered apple topped with hundreds and thousands.

The 'free session' raffle made £8.50

We are always pleased to welcome new members, so just drop in at Morland Hall in Pearce Drive at 2.15pm on a Tuesday, parking is free. Please the January Diary for 2002 dates.

Joyce Beard

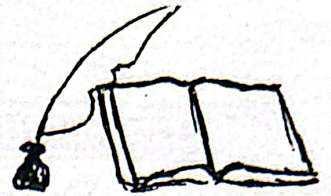

Play Reading

Our first meeting went off most successfully – 8 of us met at 4, Brue Crescent and we read through "An Inspector Calls" by J.B. Priestley. We held a further meeting in November and decided to miss out December with all its Christmas activities.

You will see from the notice board that we meet again on Friday 25th January 2002 at 10.00a.m. at 4 Brue Crescent. It's good fun, why not come along and join us?

Tony Webb

Creative Writing

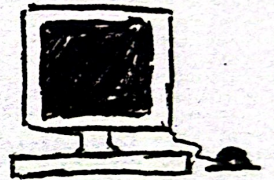

This Group has produced a few poems and short stories, but unfortunately, they have tended to keep their 'lights under a bushel'

However it is known that a number of verses have been penned and found their way into literary publications, I wish they would let us all see these works of art, I am sure we would appreciate a little culture.

I have been told that Jean Berry's husband Clive has just had his first poem accepted for publication in the anthology 'Visions in Verse'. First of many we hope.

Sylvia Shepherd has just had her eighth poem accepted for publication in various anthologies during this year and is hoping to start work on short stories in the New Year

Computer

When the Group re-assembles in the New Year we will endeavour to produce the 'Five-a Day' fruit/vegetable recipe book. We could do with a few extra members in the group to help publish the epistle so please contact the Group Leader if you are interested and can help out.

The tutor we have is excellent, very patient with us all, we are certainly fortunate. The Group is happy in its work and is plenty of scope for individuality as well as group work.

The sessions are from 1-4pm with a space available at 2-3 pm for someone who is a beginner or is competent enough to help us with this project. Please the Group Leader if interested.

Joyce Beard

Sandra

Hairdressers

We welcome O.A.P.'s

106 Church Street

Highbridge, Somerset

Tel: 01278 783091

We have the pleasure to include in this Magazine a number of advertisements, these will be featured in all issues of the Magazine this year.

As a gesture to our advertisers and to show that we appreciate their interest in the Club plus their willingness to advertise in our Magazine; may we ask all who contact these company's to request their services, to say where you saw their advertisement. This helps them to justify their outlay in placing the advert with us. Thank you.

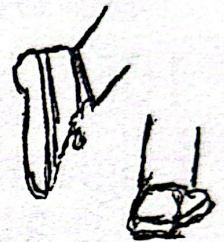

Art 1 & 2

Both these Groups are enjoying success, the members are becoming quite accomplished and as you may have seen are beginning to make their mark at the local shows which include Art as part of their programme.

A number of prizes have been won lately comprising 1st's, 2nd's, 3rd's and some Highly Commended. The tutor's Jean Berry and Anne Young are to be congratulated for producing some good artists from amongst our members.

STROLLERS

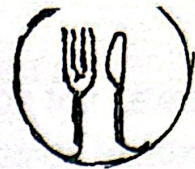

Throughout the summer when we could have enjoyed our walks in the countryside we had the foot and mouth disease to contend with and the resulting restrictions prevented us from continuing our monthly walks.

However, some seven months after it all started we had the opportunity to re-start and on Friday the 9th November four members met at the Bank Street car park. Mary Draper, Eileen Picton, Ken and I.

We decided to use a sheltered walk because there was a biting cold wind that day, so went to Bawdrip. We parked in the old station yard and set off to the old railway track, which is now a walkers and cyclist path which heads up to Cossington. We enjoyed the walk which took about an hour and gave us all an appetite for lunch.

The walk on the 7th December, nobody arrived, much to Kens' regret, because we then went Xmas shopping and he finished up out of pocket. He is not too sure about the next walk! !

Fay Burston

LUNCHEON CLUB

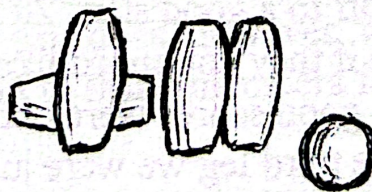

As suggested in the last magazine we had the lunch in September at the "Lighthouse" in Burnham. This proved to be a very nicely cooked meal and plenty of it, the venue however was not so good and I think if my memory is correct there was fourteen of us busy chatting away.

October, we visited the "Hungry Horse" also in Burnham, very large plates which gave the impression of a lot of food, not that big really. Twenty-three there, the table very nicely laid out and we had an area of the pub to ourselves.

November, twenty went to the "Goathouse", the service was great, as the meals had been ordered earlier for most of us, it was served within ten minutes of our arrival. If we go to the "Goathouse" again, I plan to make sure we have the full menu for you all to make your selection, as there was such a wide choice.

To celebrate our first anniversary the next venue is to be the "Highbridge Inn" as it was the first venue we tried out, also good that it is actually in Highbridge for U.S.A. of Highbridge's anniversary lunch. This is on Tuesday 8th January 2002 at 12.30 p.m. so hope to see some of you there, the list is on the notice board at the coffee morning or you can ring me on 782529 to book the carvery, plus dessert, for the grand sum of £4.00. Unless of course they put the price up after Christmas this price should still hold firm.

Fay Burston

SKITTLES

On Friday 30th November, at the Royal Artillery Inn. A Xmas Party- cum-Skittles Match was held, arranged by Ray Reddish and Sylvia Shepherd. The Skittles started at about 11.30 with the usual banter.

It was not good skittling weather that day, at least that is the excuse given for the low scores. 31/3 legs were played by 12.45 when someone said the food was ready. Ah, peace at last, it is the only thing which keeps everyone quiet.

The food, an excellent spread prepared by mine hosts. All the usual goodies were there sausages rolls ,pork pie , assorted salad dishes, it was all there, but not for long.

The 'party' came next, it gave everyone the opportunity to settle down. Ethel Titford set the ball rolling with her 'Letters from my niece' session, this comprised funny statements from children, parish magazines, etc some were very good.

The party also included a 'Fancy Hat' competition (male and female), the styles were, let's say unusal, but very creative. The ladies creations were judged by the landlord and was won by Beryl Bryant, the landlady judged the mens' hats and Don Whiteway was the winner.

A very jolly and seasonal get-together, thank you Ray, Sylvia and Malcolm.

The Skittle season came to an end on Friday 14th December. The landlord at the Artillery had suggested, a few weeks ago, that we held a challenge match with Burnham U3A. Ray our Leader had made the arrangements with Maurice Best the Leader at Burnham and so we were all assembled. Incidentally, Graham had offered to put up prizes for the highest scores lady and gentleman.

The day did not start well for us, we had had a problem selecting our best players, we do not have any, so the decision had been made to take the highest scores from our previous match, but not all had turned up; so, we twisted a few arms,(not good if it is the bowling arm).

Burnham was off to a good start, 20 up on the first two legs, we were in trouble if they continued like this, Roy Preston had a 12 and one or two good scores were obtained, Ken Burston got 11; at the end of the third leg we were just 7 down. So, into the final leg, we must do better, Burnham's star player Betty had excelled and was scattering pins everywhere, but we pressed on.

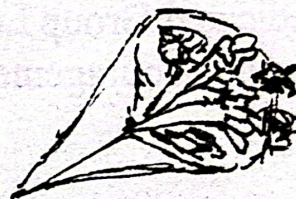

Margaret Paul really bowled her best and got 14, we stood a faint chance, one of the last to go was Ken Burston -he got 12. Now for the total scores, after 2/3 recounts it was found that Highbridge had won by just 3. The highest ladies score was by Betty from Burnham with 43, Ken Burston won for the men with 40. At the end of the day we were all winners, thank you

Burnham we must do this more often; thanks also to Ray Reddish for setting it up.

Some members of both Clubs stayed at the Inn for a Christmas lunch .it was excellent fare prepared by the lady of the house and rounded off a very enjoyable meeting with our Burnham colleagues.

WELFARE

Members who know Vi Chick will be aware that she collapsed some weeks ago whilst talking on the phone to her sister, the prompt action taken by her sister resulted in Vi being rushed into Weston General for an immediate operation. We are very pleased to announce that Vi , after a few setbacks, is now home and progressing well.

She has asked that we apologise, on her behalf, to all her friends for not sending out Christmas cards this year but the task was a bit too much for her at the time. She does, however, wish everyone a Happy New Year and to thank members for their good wishes.

Following on from the success of our own Art and Produce Show held at Southwell House a few months ago, arranged by Sylvia and the Art Group Leaders, Sylvia came up with the idea of the club putting on its own 'proper' show at the Community Hall. This was going to be quite a task and involved a lot of organisation.

Well, the show was held on Saturday 24th November and was arguably the highlight of the Club's Calendar.

Members excelled in the quantity and quality of their exhibits; ranging from paintings in oil, water colour, acrylic and pastels plus ceramics, photography, knitting, embroidery, creative writing, etc.

There were also demonstrations in sugar craft, lace making, plus Holistic Therapy and the Ceramics tutor was there to show and sell her wares.

In addition, a selection of well defined posters, produced by our dedicated Group Leaders, gave details of our activities, and we hope, encouragement to would-be new members.

Sylvia Sheperd

Our most sincere thanks and congratulations must go, first of all to Sylvia for the work she put in to making sure the event got off the ground in the first place and for her organisation during the day. A lot of hard work was also put in by many others, the catering team, door staff and general 'dog's bodies' who helped set up the displays, but I think they all enjoyed the experience, especially as it was for their club.

It is understood that 2 of the artists each sold two of their paintings. Does that make them professionals now?

I wish I knew the reasons why
the folks like you and I
see countries rich in wealth
and some so poor in health.

I wish I knew the reasons why
the folks like you and I
let great lakes and rivers dry
and birds and cattle die.

I wish I knew the reasons why
the folks like you and I
see the hunter and his gun
shoot rare wild life till there is none.

I wish I knew the reasons why
the folks like you and I
make our beauty spots around
a mess with litter on the ground.

I wish I knew the reasons why
the folks like you and I
fill the atmosphere with fumes and smoke
then watch our little children choke.

I wish I knew the reasons why
the folks like you and I
see the aged and downtrodden
wonder why they're so forgotten.

I wish I knew the reasons why
the folks like you and
see these things until we die
and never know the reasons why.

C.A.(Babs) Whiteway

I saw this at our Arts and Craft Exhibition and felt
its sentiments were very relevant in the world today.

New Group—Holistic Therapy

Are you interested ? We were pleased to welcome Liz Wheatley from the Wheatley Clinic to our Art & Crafts Exhibition on Saturday 24th November held in the Community Hall. Did you come and support your Club ?

Liz is very enthusiastic about starting a Therapy Group with the U.3.A. and has offered to tutor a group for a charge of £20.00 for 2 hours. If we could get sufficient members interested and raise a group—say 10 members—the cost would be about £3.00 this would include the hire of a suitable room, perhaps a room at the Community Hall.

Who needs Therapy ? Only you know this, in this ever changing world it has been found that those who have medical problems/symptoms can obtain a lot of relief from massage. If your environment or way of life is stressful and you experience aches/pains and you have yet to find relief then therapy could be the answer. This could help reduce your tension and control the stress levels, it would give you an opportunity to spoil yourself and find relaxation for a while.

It is very soothing and relaxing, as some members found on that Saturday, they took an opportunity to sample the methods during the exhibition.

If you are interested please contact the Group Organiser or a Committee Member in order that we may see if it is possible to get a group going. It would probably meet, say, once a month and would need at least 10 members to make it viable. This is a golden opportunity and well worth further interest so don't miss it – go on think about it.

Joyce Beard

MEMORY LANE

Remember Joan Nosworthy? Joan left the area some months ago and relocated herself in Kent to be near her daughter. It was a bit of a trying time for Joan as she had made many friends at the U.3.A. of Highbridge. However, we are very pleased to hear that Joan has now settled down and believe it or not the U.3.A. has come to her aid.

The U.3.A. at Bromley was, apparently getting too large so it was decided to form another group at Beckenham.(shades of Burnham and Highbridge).

Joan tells us (when replying to a letter from Joyce Beard) that she decided to go to the first meeting to find out what they had in mind. About 100 turned up, temporary officers were elected and members were asked to put their names down against groups in which they might have an interest.

Joan signed for "Scrabble"(which made a poor start because no-one would agree to run it) and "Singing" (which started better but interest has waned).

A neighbour from her flats was persuaded to go along to the October meeting and joined the "Travel" and "Walking" groups so Joan has a friend living close at hand. She feels that as everyone is new to the organisation it will take a little time to settle down. She has a bus pass (Free) which she is making good use of.

Good luck Joan, keep it up. If a member wishes to write to Joan we have her address.

P.S. Fay wrote to Joan recently sending a copy of our magazine. In her reply Joan says the Scrabble and Choir Groups are still without leaders but she has considered, with her neighbour, joining the History Group. She has joined the Beckenham Ladies Choir, it has evening meetings and someone has agreed to provide transport. She sends her regards to all at the U.3.A. of Highbridge.

CONGRATULATIONS TO:

**Class 113 Water Colours 1st Gwen Williams
2nd Ken Burston
3rd Pauline Chapman
Anne Smith
(Highly Commended)**

Class 113B Oils 1st Shirley Adams
2nd Pam Lyes
3rd Ann Lines (none member)
Ken Burston (H.C.)

Class 113C Any Medium 1st Pauline Chapman
2nd Anne Lines
3rd Phil Lyes
Shirley Adams (H.C.)

Class 113 E Photography 1st Mary Draper

The above were all winners at the recent Highbridge Chrysanthemum Show

Special thanks and congratulations must also go Jean Berry who tutored the above "artists" and was their mentor throughout.

THE BEST THINGS IN LIFE ARE FREE

One day last week I had several demonstrations of :-

“The Best Things in Life are Free “

Cycling through Apex Park en route to Burnham I saw scattered throughout the park many white poplars displaying their silver-backed leaves in the gentle breeze- Christmas lights early.

I came home and picked up some battered fallen apples from an old Bramley tree, and experienced once again the sheer delight of seeing this fruit cook in just two minutes to a delicious white fluff-

Next I said “hello” to my resident spider who has a web across the kitchen window (which is never cleaned away), he waits patiently for his food to come, and I am never troubled by flies. A far better remedy than sprays etc.

Later in the garden I heard a cacophony of birds shrieking and circling round, then noticed a kestrel which was being chased away by a group of sparrows, starlings and sea gulls. They were flying much higher than usual, circling round and diving on the larger bird until it gave up and flew off.

My final pleasure was holding a seed capsule of a Busy lizzie and feeling it burst, shed it's seeds, then curl up looking rather like a caterpillar. A fascinating day !

Phyllis Walsh

Oh, Adam was a gardener, and God who made him sees
That half a proper gardener's work is done upon his knees,
So when your work is finished, you can wash your hands and pray,
For the Glory of the Garden, that it may not pass away.

Rudyard Kipling –“The Glory of the Garden”.

A TRAIN OF THOUGHT

An enjoyable time was had by a group of 30 U.3.A. members and guests on Saturday 6th October when we all met at Washford railway station at 11 00 am.

A trip had been booked on a steam train to Minehead and whilst waiting for it, we were able to visit the museum, as well as see a model of Highbridge station as it was in it's hey-day. All very interesting.

Our train arrived at 11 17 amidst a cloud of smoke and hiss of steam and off we went. Travelling at a more relaxed pace there was so much more to see than when in a car. We were able to take in views across the countryside, Blue Anchor Bay and the full glory of Dunster Castle. I particularly loved to hear the engine's whistle whenever we approached a level crossing and noticed several keen enthusiasts taking photographs of the train, as we passed. Also, along the route children and adults waved to us- it was like going back in time. Just like "the Railway Children"

Waiting at Minehead station for the return journey we watched, fascinated, as the engine was refuelled with water and coal. Perched high on top of another engine was a young lad lovingly polishing the brass trimmings oblivious to all else going on around him. Soon it was time for our train to leave for the ride back, which was just as exciting.

Memories of a different, slower era flooded back and it seemed that, for an hour or so, **time stood still.**

Ethel Titford

Environmental News

On October 29th a party of U.S.A. of Highbridge members met at Apex Park to conduct an Autumn Survey for the Woodland Trust. We had completed a Summer Survey as part of the Trust's Phenology Network; "Phenology is the study of the timing of Natural seasonal events especially in relation to climatic changes."

The more information gathered the more may be known about the effects of the climate changes.

The first analysis of evidence which was gathered in 2000 shows that most recorded events are several days later than previous years. i.e. The leaves of trees are colouring several days later than 1999.

The arrival of birds that winter here was 10 days later.

The walk was very enjoyable, the weather which had been very unpredictable for days changed for us and we had pleasant warm sunshine with no wind. Apex Park has a great variety of trees, a nursery of young trees will ensure that the supply will continue.

We pooled all our knowledge of trees and identified most of them, we hunted for some time to decide what was a "pedunculate oak" and which was a "sessile oak", both of which were on our work sheet. We all agreed it had been a very enjoyable and pleasant afternoon.

FOR SALE

"PANASONIC Wall-to Wall Cleaner Type MC-E554

Electronic Control 1000w £25.00

LADDER 16ft 19 Rounds (not extending) £10.00
